M Minor Repairs and Tyre Assistance

Wherever possible, we will fix all of the usual causes of breakdown related problems such as flat tyres and flat batteries.

If major parts or factory diagnostics technology is needed, we will relocate your vehicle to the nearest approved Repairer for further investigation.

B Battery and Parts Replacement

In the event of you needing a new battery or parts replacement to get you back on the road, 365 is able to facilitate and replace them for you, wherever you are.

All costs of replacements including your battery will be at your own expense.

T Technical Advice

Our trained assistance team will provide over the phone advice relating to getting your car back on the road. This is specifically related to any safety warnings or lights that may appear or technical and mechanical information regarding your car.

F Emergency Fuel

In the event that you run out of fuel – happens to us all – we will either provide an emergency supply of fuel up to \$10, or transport your car to the nearest service station.

T Towing

If your car is immobilised, or is not safe to drive, we will transport your vehicle to the nearest Repairer:

- up to 20 kms in metropolitan areas
- up to 50 kms round trip in regional areas

Should your vehicle need to be transported any further you will be charged in line with the attending Contractors fee. If your vehicle is in a car park and tow height limits are an issue an extraction fee from the car park will be at your expense.

A Accident and Co-ordination Towing

If your vehicle has been involved in an accident, we will arrange for the transportation of the vehicle to the nearest approved Repairer or a Repairer of your preference.

All costs associated with the towing and transportation of the vehicle will be charged to you. We will provide advice on the appropriate information required from the other parties involved in the accident such as their name, address, contact numbers, vehicle registrations, insurance details and any witness details.
